

LED DAYTIME RUNNING LIGHTS

BE SEEN by oncoming traffic in all weather conditions. LED Daytime Running Lights (DRL) increase a vehicle's visibility for safer driving. Canada and many European countries have implemented mandatory DRL regulations and experienced significant accident reduction. Super-bright LED lights are far more effective than running lights or partial power low beam headlights, and use a fraction of the power.

PHILIPS

PHILIPS DRLs offer maximum visibility in a small package. Low profile smart-clip mounting system fits in tight spaces, or mount with M5 screws. Wiring is simple - just connect constant hot, ground and signal. Smart ECM detects when the engine is running to turn on the DRL. Low 14 watt power consumption saves fuel. OEM grade LED DRLs are maintenance free and last a lifetime.

PHILIPS DRL4

- High Power Philips LUXEON® LED light intensity - 900 Candela
- 80% wider beam than other LED DRL's
- 40% wider beam than standard fog lights
- Stylish modern design - 4 LED beam
- Compact 126mm x 23mm x 28mm (4.96 x 0.90 x 1.10in)
- High impact composite housing & impact resistant polycarbonate lens
- Auto-off at night

PHILIPS DRL8

- High Power Philips LUXEON® Rebel LED - 1,000 Candela
- 100% wider beam than other LED DRL's
- 50% wider beam than standard fog lights
- Stylish modern design - 8 LED dots
- Ultra slim 163mm x 19mm x 35mm (6.4 x 0.75 x 1.38in)
- Die cast metal housing & impact resistant polycarbonate lens
- Auto-dims for night time accent lighting

EUROLITE® VALUE SERIES

EUROLITE DRLs offer powerful light 220 lumen light output at a great price. A versatile adjustable bracket makes mounting easy. Rugged die cast metal housing with impact resistant polycarbonate lens. Wiring is simple - just connect ignition switched hot, ground and signal for daytime on and off at night - no switch required. Low 5 watt power consumption saves fuel.

Eurolite TF1050

5 LED DRL Wedge

6.5in L x 1.25in W x 2.0in D

Eurolite TF1045

5 LED DRL Bar

7.5in L x 1.25in W x 1.5in D

EUROLIT[®] LED ACCENT LIGHTING

BE SEEN and look great too! LED DRL style and flexible accent lighting provides stylish lighting enhancements and increased night time visibility. Strong LED lights are more versatile than standard halogen light bulbs and use a fraction of the power.

TF1060 28 LED DRL/Accent Bar

7.5in L x 0.75in W x 1.5in D

3-wire, auto-off at night

composite housing, polycarbonate lense

universal adjustable bracket

3W power consumption

Strong 130 lumen light output

TF1070 18 LED DRL 3.5in dia Round

simple 2-wire

composite housing, polycarbonate lense

universal adjustable bracket

3W power consumption

Bright 65 lumen light output

TF1025 8 LED Accent - Slimline, Curved Face

6.25in L x 0.875in W x 1.75in D

simple 2-wire

composite housing, polycarbonate lense

universal adjustable bracket

0.5W power consumption

36 lumen light output

Light modules can be used without the brackets in custom configurations.

NG9020 Modular LED Accent lights (1.2in dia/ea)

Dual sets of 6 LED lights can be installed in a variety of configurations
die cast housing with glass lense

1.4W power consumption - Bright 105 lumen light output

Flexible LED Accent Lighting

low profile flexible, waterproof, self-adhesive LED strips

SIDE Emitting LED strips can create the "Audi look" around headlamps

NG6020 WHITE, 16in, 168 lumens
