

# The **NEW** HomeLink®

## Open The Door To New Profit Opportunities.

## Give Your Customers Complete Control With The New HomeLink.

The new HomeLink® gives vehicle owners unprecedented command over their homes, right from the driver's seat. The unit's trademark three buttons are easily programmed to control any of your customers' RF-activated devices, from gates and garage door openers, to door locks, home lighting and security systems, and even small appliances. Featuring a sleek new universal design with a smaller footprint than previous generations. HomeLink® is available in (3) different bezel colors to ensure a perfect match with your customers' vehicles.
